

## GOVERNMENT'S PLAN FOR SETTLEMENT OF RIKE ANNOUNCED

Old Recommends 14 per Cent Increase  
Miners with No Increase in Price to  
Public—Miners' President Re-  
fuses the Offer.

WASHINGTON, Nov. 26.—A government plan for the soft coal strike which embodied a fourteen per cent wage increase for miners and the stipulation that there be no increase in the price paid by the public laid before miners and operators tonight by Fuel Administrator Garfield.

L. Lewis, acting president of the United Miners of America, announced that the miners would accept.

At a three hour conference at which representatives of miners and operators met.

Miners openly declared the offer was "insulting," and questioned Dr. Garfield, scale committee composed of miners and operators met to discuss the settlement plan and adjourned.

Another meeting will be held tomorrow to discuss the offer to grant the increase in view of Dr. Garfield's announcement that no increase in the price of coal would be made. Many of them shared views expressed by Phil P. of Terre Haute, Ind., that the largest companies should be forced to shut down if such increase was given.

William Green, secretary of the Mine Workers, declared "I would see the end of negotiations as the operators proposed to granting an increase and the miners cannot permit the figures given by Dr. Garfield."

Some of the miners said they were with Alexander Howat, president of the Kansas miners, announced that "if we are to receive a wage here that guarantee us a decent living in the year, we will go and fight for a while."

The miners' refusal to accept the offer was the result of the operators' refusal to accept the miners' demand for a 31 per cent increase.

The operators are ready to negotiate a new wage agreement, Dr. Garfield said, "despite Dr. Garfield's statement that the government will not permit an advance in the price of coal."

There was a sharp note of protest from the miners over the amount of the increase, which was a lower than they had expected. Frank Farrington, president of the Illinois district of miners, declared when he declared that the union men in his state would accept it. Answering Farrington, who wanted to know if miners refused to work would be considered as outlaws, Dr. Garfield said the government would not permit anybody to work, but that would provide every protection those willing to go into the mines and give the country the coal it needs.

While the sub-scale committee give consideration to the position, the full committee representing both sides will remain here to receive any plan of settlement that might be agreed on.

Garfield Explains Statement  
In explaining his statement at the conference Dr. Garfield said that in computing the wage advance he had accepted Secretary Wilson's estimate of seventy per cent increase in the cost of living since 1913 which was the highest estimate made by anybody.

Dr. Garfield declared that miners today were receiving higher wages without the fourteen per cent increase than any other class of workers in the country. At the opening of the meeting, Dr. Garfield read his statement carefully, while both sides gave him the closest attention. He declared that it was not a proposal but a statement of fact.

Lewis, jumping to his feet at the conclusion of the fuel administrator's statement, wanted to know what had become of the proposal by Secretary Wilson. "The miners came to Washington," Lewis said, "at the request of Secretary Wilson, who is authorized under the law to arbitrate disputes."

"We understood that he represented the cabinet and indirectly its president himself. Acting in his official capacity Secretary Wilson offered the miners an advance of 31 and six tenths per cent."

"Does the government intend to equidate the act of its authorized agent or abide by it?" "There is no gentleman in the cabinet I respect more than Secretary Wilson," Dr. Garfield replied. "His powers are clearly defined. Among other things his duties are to affect conciliation, but under the labor act the president was empowered to control prices and that duty was conferred upon the fuel administrator. You cannot fix prices without affecting wages and you cannot change

## Government's Position On Miners' Strike, As Given By Fuel Administrator Garfield

Dr. Garfield's statement to the joint conference of miners and operators follows:  
"On the 24th instant, I announced that the public must not be asked to pay more than it is now paying for coal, unless it is necessary to do so in order to provide reasonable wages to the mine workers and a reasonable profit to the operators. Careful investigation forces me to the conclusion that, in accordance with this, and the other principles set forth on the 24th instant, the public ought not be required to pay an increase in coal prices at this time. The prices fixed by the government on coal were calculated to increase production for war purposes. Coal was basic and the increase in production was imperative. The operators are now in receipt of margins which were necessary to effect that increase of production but which are larger than are required under present conditions."

Figures Given on Production of 1918 and 1919.  
"It was estimated that the production needed for 1918 was six hundred million tons. The estimate for 1919 is 500,000,000 tons.  
"Applying the principles set forth in paragraph two of the statement of Nov. 24 when the average increases in wages since 1914 for the various classes of mine workers are deducted from the increase in the cost of living since that time, we arrive at the amount of additional increase in wages justifiable at the present time. The figures of the bureau of labor statistics for both cost of living and for the weighted average of wage increases. According to these figures the cost of living has risen 79.8 per cent since 1913 and the amount necessary to bring the average wages of mine workers up to this point at the present time is fourteen per cent."

Readjustments heretofore made since 1913 are such as to give certain classes of mine workers an average increase in excess of the increase in the cost of living and certain others an average increase below the increase in the cost of living. This form of adjustment was made in order to establish or preserve certain relative basis in the mining industry."

Public Must Be Protected.  
"I do not think this condition, however, ought to result in giving to mine workers as a whole and in consequence imposing upon the public a total average increase in excess of the increase in the cost of living because the total increase in the cost of living will be far in excess of the increase in the cost of living. If this principle were applied in industries generally it is obvious that the resulting cost would be passed along to the general public, and the increased wages would increase in a rapid spiral taking as a minimum the percentage of increase in the

cost of living. In the long run this would add many new and serious burdens to the cost of living of the entire public and would fall more injuriously upon the working classes than upon any others."

"It seems to me that the reasonable way to deal with this situation is to give to the industry as a whole an average increase commensurate with the increase in the cost of living. I then let that amount of increase be apportioned in accordance with the wage bases that are acceptable to the employers and the employees."

The control of prices by the government will be maintained for the present.  
"Many Questions Are Involved."  
The present negotiation stands by itself, but it is far from disposing of the fundamental controversy between operators and mine workers. That controversy is bound to be a continuing one as matters now stand. It involves living conditions and conditions in the mines as well as wages and profits and the general relation between operators and mine workers. Therefore to aid in applying the principles which have governed us and which should govern in reaching conclusion in the future it is urged that a permanent consultative body with purely advisory powers be set up consisting of the secretary of the interior as chairman and of an equal number of representatives of the operators and of the mine workers, chosen in such manner as they may each determine from time to time. In order that the data necessary must be considered in this consultative body at all times be available it is urged that the congress make provision for collecting definite and trustworthy information concerning the coal and coke industry and for the tabulation of the same in quarterly reports showing:

- (1) Production, distribution, storage and stocks of coal and coke;
- (2) The cost of production and distribution and of maintaining suitable stocks and any other data concerning the industry deemed necessary;
- (3) The cost of living in the several coal fields;
- (4) The selling prices and profits obtained by the operators, middlemen and retail dealers;
- (5) Export requirements and the conditions limiting them.

The settlement of the present controversy on the wage and price basis above indicated, must be considered in the light of the proposal to set up this permanent consultative body. While it will not have powers of decision it will hardly seem possible to a reasonable man that in the light of its conclusions demands for exorbitant profits or unreasonable wages can be successfully maintained or that conditions unfavorable to the American standard of living will be tolerated.

## RAIL MEN TAKE NO ACTION TOWARD GENERAL STRIKE

Hines' Proposal Will  
Be Voted on Today  
at Cleveland.

SEEK FURTHER  
REQUESTS

CLEVELAND, O., Nov. 26.—No action looking toward a railroad strike by the four railroad brotherhoods was taken today by the 500 general chairman meeting here to act on Director General of Railroads Hines' offer of time and one half for slow freight service and no vote was taken on the proposition altho a motion to vote on it was adopted. The conference adjourned late this afternoon and will meet again tomorrow morning.

The morning session adjourned at noon for luncheon and one of the brotherhood chiefs announced that a vote on the overtime proposition had been taken but it later developed that this was an error and that only a motion to vote on it was adopted.

When the conference reassembled this afternoon the director general's offer was again taken up. Further requests were sent to Washington for explanation of its workings in connection with the elimination of arbitrators and allowances as stipulated by the director general. It was learned from an authoritative source tonight that the delegates are opposed to accepting the proposition if all the arbitrators and allowances existing in many schedules at present are estimated.

The general chairman and chief executives of the firemen, conductors and trainmen were in session tonight.

## WHISKEY, BEER AND WINE SOLD OVER BAR

New Orleans, La., Nov. 26.—Whiskey, beer, wines and, in fact, every drink usually found in the old days in a well stocked bar were sold openly over the counter in New Orleans tonight after Federal Judge Foster had declared war-time prohibition unconstitutional.

Less than an hour after Judge Foster had enjoined federal authorities from interfering with the sale of bonded whiskey in compliance with the petition of the Hermit Leiser Liquor Company bar rooms were serving liquor in steadily varied assortments. French restaurants served claret with dinner.

Judge Foster in granting the injunction ruled that the world war came to an official end when congress adjourned recently without rejecting the peace treaty with Germany. He maintained that when President Wilson vetoed the Volstead wartime prohibition enforcement bill Oct. 28, the president declared the army and navy forces demobilized.

## GETTING READY FOR AMERICAN TOURISTS

PARIS, Nov. 26.—Hotel men, seeing fortunes in the expected flood of American and other tourists, are planning to erect "barack hotels" along the battle front. The national chamber of hotel keepers, co-operating with the government are seeking private capital to put up such temporary buildings during the winter.

Officers of the association said most of the hosteleries now operating at towns on the front have patrons "sleeping in hall and even on billiard tables." The first efforts are being directed toward making habitable hotels that were damaged during the war and inducing owners of places destroyed to rebuild them.

NAVY EXPENDITURES CUT  
Washington, Nov. 26.—War expenditures of the navy were expected more than \$47,000,000 by the cancellation of contracts following the armistice. Rear-Admiral McGowan, paymaster general announced today in his annual report. Navy disbursements during the war reached high water mark of \$83,902,400 in December, 1918, compared with \$8,853,620 in March, 1917.

## MEXICO REFUSES JENKINS' RELEASE

Declares There is No Legal Foundation Nor Principle of International Law Upon Demand of United States

MEXICO CITY, Nov. 26.—Declaring there is "no legal foundation nor principle of international law" upon which the United States bases its demand for the immediate release of William O. Jenkins, United States consular agent at Puebla, the Mexican government thru Hilario Medina under-secretary of foreign relations tonight stated it was impossible to accede to the request of the American state department.

It asserted that the executive department cannot, under Mexican law, intervene at this moment in an affair which is strictly in the hands of state courts. It declared the imprisonment of Mr. Jenkins was neither a justified nor arbitrary and that Mr. Jenkins is preventing own freedom by refusing to give bail for which reason it said, "he cannot be considered a victim of molestation."

## OFFICIAL TEXT OF MEXICO'S REPLY TO AMERICAN DEMAND

[By The Associated Press.]  
EL PASO, Texas, Nov. 26.—The text of the reply of the Mexican government to the note of the United States asking the immediate release of William O. Jenkins, American consular agent at Puebla, Mexico, was received tonight by Andres G. Garcia, consul general at El Paso.

The text of the note follows:  
"Mexico City, Nov. 26th, 1919.  
"Mr. George L. Summerlin, acting charge of affairs for the United States of America:  
"I am instructed by the president of the republic to answer herewith your note of November 20th, which you addressed to the Mexican government on instructions from the state department of the United States."

"You will not doubt realize that the fact that no legal foundation, principle or precedent of international right, or even of reason, is to be found in the demand for the immediate liberation of Mr. Jenkins, who, as you know, is at present under the jurisdiction of a judge of the city of Puebla."

"The Mexican government cannot see what the foundation for such a demand might be. It believes that it can be only the power of the country that makes it, altho the United States has expressed the desire on various occasions that right and justice should be the basis of its diplomacy and respect for weak countries the basis of its international relations on the continent."

"The terms of a note which I am answering are attributed by my government to an imperfect understanding of our penal laws. The imprisonment is neither unjust or arbitrary as your note states. Since Mr. Jenkins has signed contradictory statements regarding the kidnapping of which he was a victim the judge has had ample foundation to suppose that he was guilty of the crime of falsifying judicial declarations and this has caused his imprisonment."

"Your Excellency knows that the criminal proceedings in Mexico involve three classes of imprisonment. Preventative, when it is suspected that a person has a criminal complicity in an act; formal, when against the accused there is sufficient evidence in the judgment of the magistrate to suppose that the accused is guilty of the crime; and ordinary imprisonment which involves a definitive sentence as the penalty provided for the crime and the guilt of the accused duly proved. The two first classes of imprisonment are not legally penalties but restrictions to the liberty of the accused pending investigation. The judgment may also declare the innocence of the accused."

"Mr. Jenkins has undergone preventive detention, first, and then a formal imprisonment of 72 hours. It is because of this that he was rearrested. It is a fact that seems to be considered by the government of the United States as persecution or a series of injuries that are inflicted unjustly on the consul."

"The course of the trial at any time, the accused may ask and obtain his liberty on bail. The Mexican law is very liberal about this, since all that is necessary is a request and the production of the sum fiscal by the judge. Mr. Jenkins' refusal to exercise this right, notwithstanding that he was asked to do so several times, and the fact that the judge has fixed for him as bond the sum of 1,000 pesos cannot permit him strictly to call himself the victim of injuries which he has not incurred."

"Mr. Jenkins' finding himself then, involved in a trial that is being conducted according to law under the jurisdiction of a judge whose proceedings are open and are constantly under the vigilance of public opinion which is interested in learning the truth of the affair, the Mexican government finds itself under the necessity of not being able to accede to the demand for his release."

"Likewise the various states in our constitution and in the federal structure of the Mexican republic the federal government cannot intervene in an affair which, like that of Mr. Jenkins, belongs properly and exclusively to the authorities of the state of Puebla. For this reason the executive could not order the judge having jurisdiction of the case to free Mr. Jenkins because this latter functionary could with reason refuse to obey such an order. The executive could thus be lacking in the first duty of all government—a duty that he has always tried to observe—that of respecting the laws of the country and causing them to be respected."

"Therefore such a line of conduct, in the opinion of the Mexican government cannot unfavorably affect the relations of friendship which fortunately exist between it and the United States, especially since the matter is so simple a one—in which by a simple request Mr. Jenkins could be at liberty; for never should there be cause for friction in the fact that the laws of each are applied equally to citizens and foreigners."

"In the United States, at times, Mexican consuls have suffered imprisonment for some acts involving the law of the United States. Altho in the opinion of the Mexican government such imprisonment was not justifiable never has it asked that the application of the laws of the United States be not made in each case for the Mexican government always observes respect for foreign laws and does not permit that Mexicans abroad should occupy because they are Mexicans a position of exception or privilege. Neither in the United States nor in Mexico can a citizen on trial be freed by an executive order and it would be strange if an American citizen in Mexico should have more rights than he would have in his own country."

"The government of Mexico like wise cannot concede to American citizens more rights than Mexicans enjoy in the United States."

"The American government seems to labor under the conviction of the absolute innocence of Mr. Jenkins, in spite of the fact that the case is in progress of investigation. The Mexican government without trying to claim that Mr. Jenkins is guilty, confines itself to submitting the foregoing considerations to United States, permitting itself to hope that the department of state will postpone its judgment until the course have handed down their decisions with the assurance that in the bosoms of Mexican judges there does not lie the desire to persecute Mr. Jenkins, but rather that they are possessed of a genuine desire to proceed according to justice."

Hilario Medina.

## HOWE IN SYMPATHY WITH RADICALS, HELD FOR DEPORTATION

Letters Show "Reds" Had  
Plenty of Freedom Under  
His Regime.

NEW YORK, Nov. 26.—Letters showing a sympathetic attitude on the part of Frederic C. Howe, formerly commissioner of immigration at Ellis Island, toward radicals who had been ordered deported were read today at an inquiry by the house immigration committee. They were produced after testimony by Byron H. Uhl, now acting commissioner at the island that conditions under Howe's regime tended to make the island "a forum of Bolshevism, a bawdy house and a gambling house."

The correspondence, taken by the committee from files at the island, included letters written by Howe to George Andreytchine, a radical whose deportation order was cancelled; Elizabeth Gurley Flynn and Louis F. Post, assistant secretary of labor, one received by him from Emma Goldman and one from Dante Barton, vice-chairman of the committee on industrial relations to Miss Helen Marot in care of "The Masses" a radical New York publication.

Miss Goldman urged Howe not to send to "her death" in France Joseph Goldberg, white slaver and a friend of defendants in Los Angeles dynamiting cases. Official records read by the committee showed Goldberg had been allowed to go to Spain at his own expense, after being ordered deported.

Andreytchine, an I. W. W. radical, wrote Howe upon cancellation of an order of deportation.

"Yours as ever for emancipation of mankind!"  
In reply Howe wrote:  
"I was immensely gratified to receive your letter advising me that acting Secretary Densmore had cancelled your order for deportation."

## DESERTIONS FROM ARMY LARGE

Washington, Nov. 26.—Desertions from the army from March 1 to November 17 of this year averaged more than 800 per month, with less than 15 per cent of the men apprehended, the war department announced today.

## PASSENGER AND FREIGHT TRAIN COLLIDE

Fort Madison, Ia., Nov. 26.—Santa Fe passenger train number one, early today collided with a freight on the bridge over the Mississippi river here.

## GENERAL ANGELES, FAMOUS MEXICAN LEADER EXECUTED

Charged with Being a  
Traitor to Carranza  
Government.

WAS GREAT  
ARTILLERIST

EL PASO, Texas, Nov. 26.—(By The Associated Press.)—General Felipe Angeles, Mexican revolutionary leader and enemy of the Carranza government, declared a patriot by his followers and friends was executed as a traitor to the Mexican government by a firing squad at Chihuahua City, Mexico, at 6:35 a. m. today. However, he had never recognized the present government as rightfully representing Mexico.

The specific charge against Angeles was rebellion. He was found guilty by four Carranza generals sitting as a court martial at Chihuahua City at 10:45 o'clock last night after a session that had lasted almost continually night and day for approximately thirty nine hours.

Angeles thrust the world was known as a military genius. He was the reputed friend of Americans and during his trial lauded this country and its citizens. He was the man who brought the French seventy-five millimeter gun to the perfection that gave it fame as the world's most efficient piece of artillery. This gun was one of the greatest factors against Germany in the world war.

For his work for France, he was made a Chevalier of the French Legion of Honor.

Angeles came out of Mexico in 1916 and bought a dairy farm near El Paso. Later he went to work for the French government inspecting munitions.

Five days after the world war ended with the signing of the armistice, Angeles returned to Mexico as the intellectual leader of the Villa movement. It was said Villa promised outrages against foreigners and natives would be stopped if Angeles joined him. Angeles proclaimed Angeles provisional president of Mexico.

## CHADSEY, STRIPPED OF ALL HIS POWERS, AGAIN QUITS JOB

Prosecution of Members of  
Chicago School Board  
Will Be Taken Up.

CHICAGO, Nov. 26.—Prosecution of members of the Chicago Board of Education, with one exception, on charges of malfeasance in connection with the board's action yesterday in virtually stripping Dr. Charles E. Chadsey, the superintendent, of all administrative authority, led to his resignation today. State Attorney Home announced tonight proceedings would be instituted at once.

Dr. Chadsey, who was ousted by the board several months ago, recently was reinstated by order of the courts.

Dr. Chadsey, whose friends said tonight had been forced out of office, in the action of resignation, declared the action of the board was "criminally illegal and in open defiance of the courts" and that he was willing to aid in prosecution.

For two years the affairs of the board have been in and out of court as a result of what has been called a political squabble for control of the board which the administration of Mayor Thompson finally won. The majority board members went with a reverse, when Dr. Chadsey and Jacob M. Loeb, his only supporter on the board also was returned to office. Loeb, former president of the board was originally an appointee of the mayor.

Dr. Chadsey, who was selected by a committee of prominent citizens and given a four year contract at \$18,000 a year, was appointed by the old school board last spring and took office in March, coming to Chicago from Detroit. Incoming school trustees, appointed by Mayor Thompson, ousted Dr. Chadsey taking the position that they were not bound by the old board's action and appointed Peter A. Mortenson, of Chicago, who had been assistant superintendent. The circuit court about three weeks ago ordered Dr. Chadsey reinstated and he resigned a position as dean of the college of education of the University of Illinois and returned to Chicago.

He wished to save his people from this by "calling the people to repentance and welding them into a single mass for the uplift of all." When he went across the line to join Villa he said:

"I am going back to lift my country out of the depths of outlawness to which she has fallen or else die for her."

## GASSING THE HUMANE WAY.

When the war was on there were many protests against the use of gas by the Germans and the Hun was accused of resorting to war methods that had long since been called inhuman and uncivilized. Now comes a surprising report that gas is considered by a special commission as a most humane means of warfare. This report is based on the statement that out of the large number of American troops who were gassed by the Germans, that a comparatively small percentage failed to recover.

## MR. McADOO ACTED SLOWLY

If Mr. McAdoo knew all the facts about the "shocking profits" that the coal operators were making during the war time why would he remain silent until the present? Just now the effect of charges seems to be without benefit, whereas while in government position and with knowledge of income statements can be have saved millions of dollars to America.

That the dis- Carranza bluffing more than the "ultra" standing

the release of Mr. Jenkins and proper restitution. Still the cabinet takes no definite action other than to send another warning. The continued violation of the rights of Americans brings only protests from Washington and just so long as there are merely threats and the shaking of Uncle Sam's fist, just so long will the insulting and lawless attitude toward Americans continue.

## ANOTHER "HOLLOW" VICTORY

The court order by which Charles Chadsey, the \$18,000 a year Chicago school superintendent, was restored to office, has proved just about as non-effective as the anti-strike order issued by Judge Anderson. The miners' officials withdrew the strike order but the strikers refrained from work.

The court reinstated Supt. Chadsey and now the board of education has taken away all the administrative powers of that position and handed over these duties to the assistant superintendent. It remains to be seen whether this board action can be construed as contempt of court.

## THE ENGLISH COAL PRICE SLUMP

The coal commissioner in England has just announced to the surprise and gratification of the public that a reduction of 10 shillings will be made in the price of coal. Some figure lower than recent prices was anticipated but ten shillings, which amounts to something more than \$2, was not expected.

If there can be such a reduction in England without confiscating the property of the mine owners, it is likely that those leaders in Washington who maintain that substantial increases can be given the miners without a change in price to consumers have something tangible on which to base their statements. Certain it is that if the war profits of the mine owners were anything like the stories in circulation, the public is in no temper to use the war price as a basis for pending wage settlement.

## FIGHTING FOR A CHANCE TO WORK

That is a strange condition which exists in Germany wherein workers stormed a plant because they were denied the privilege of working on a holiday. The condition was in strange contrast to industrial happenings in the U. S., where all efforts seem to be directed for shorter hours and

more frequent holidays. The event is significant as it gives proof of the general conditions existing in Germany and the determination of the people there to speed up production, to make up for lost time and so far as possible to win back the place that Germany once had in the world of commerce and manufacture.

There is a good deal in the "strike" in Germany against a holiday for both American capital and labor to consider with prayerful interest.

## REP. RICKETTS' VIEWS ON STRIKES

Congressman Edwin D. Ricketts of Ohio takes the position that the right to strike should be considered in its effect upon the community in general in each instance rather than in any attempt to dispute that right or deny its existence. He cites the act of June 29, 1886, as containing a recognition of unions by law, and the act of June 1, 1893, as giving legal status to the right to strike. He holds, however, that "under present conditions the right to strike should be carefully considered and cautiously exercised, in the interest of the people of our own Nation and in the interest of the welfare of the country." Capital, labor, and the general public are each dependent upon the other, in the opinion of Mr. Ricketts, and are equally concerned in the outcome of all industrial controversies.

## SERGT. ALVIN YORK

A Tribune picture yesterday bore evidence to the fact that Gen. Leonard Wood was proud to grasp the hand of Sergt. Alvin York in Chicago Tuesday. Sergt. York made an address at Orchestra hall and during the day the general took advantage of the opportunity to congratulate the man whose achievement Marshal Foch has called the greatest of the war.

There is certainly character and devotion to ideals in that man who, with breast covered with medals of honor won for distinguished bravery, turns his back upon dazzling offers from movie and theatrical managers, in order to devote himself to the work of establishing a school for the unlettered young people of the mountainous district in Tennessee, where his own home has for years been located.

Wealth and special distinction are not the best things in life for this hero. He has seemed to grasp in a very real way the full meaning of that motto, "He profits most who serves best," a modern definition of the value of service.

## THE DUNCAN MEMORIAL

Rev. James Caldwell Chapter D. A. R. has done a worth while thing in making the old Governor Duncan home a memorial building. There are few cities in the whole U. S. which have contributed so large a number of notable men to public life—that is, cities of this size. Heretofore

nothing has been done in a permanent way to memorialize the lives and work of these men. The founding of this memorial building makes a splendid beginning for cherishing in a permanent way the notable facts in Morgan county history and paying honor where honor is due.

A study of the life of Governor Duncan reveals that he was indeed a strong man, whether considered as a private citizen or as a public official. He was undoubtedly one of the great governors of Illinois and there is much in his life to furnish inspiration for people of the present day—much in that life with its high standards to merit commendation and remembrance.

The D. A. R. plans are such that the building will become more than a monument to Gov. Duncan and it will be an institution in which interest will increase with passing years, and it will be a credit to Jacksonville and this county.

## CHANGES IN RETAIL PRICES OF FOOD IN 50 CITIES.

The average family expenditure for food in 50 cities from which the Bureau of Labor Statistics of the U. S. Department of Labor receives monthly reports was approximately the same in October as it was in September. In Bridgeport, Manchester, Minneapolis, Philadelphia, Portland, Oreg., Richmond, St. Louis, Seattle, and Washington, there was an increase of less than one-half of 1 per cent; in Columbus, New Orleans, Portland, Me., and St. Paul, a decrease of less than one-half of 1 per cent. In Jacksonville, Fla., the retail cost was the same as in September.

Kansas City and Pittsburgh increased 2 per cent each; Baltimore, Buffalo, Indianapolis, Louisville, Mobile, New Haven, Rochester, and Salt Lake City, decreased 2 per cent each. Birmingham, Boston, Cincinnati, Cleveland, Denver, Little Rock, Los Angeles, Newark, New York, Omaha, Peoria, Providence and San Francisco increased 1 per cent each; Atlanta, Butte, Charleston, Chicago, Dallas, Detroit, Fall River, Houston, Memphis, Milwaukee, Norfolk, and Scranton decreased 1 per cent each. The greatest increase, or 3 per cent, was shown in Springfield, Illinois. This city, however, decreased 3 per cent in September.

Comparing October, 1919, with October, 1918, Baltimore decreased 2 per cent. Butte, 1 per cent, and Norfolk less than one-half of 1 per cent. All the other cities increased during the year from less than one-half of 1 per cent in New Haven to per cent in Cleveland, Milwaukee, and Minneapolis.

During the six years from October, 1913, to October, 1919, all the cities increased from 64 per cent in Los Angeles to 100 per cent in Washington, D. C.

## OLD JACKSONVILLE

## EARLY BUILDING

By Ensley Moore

(Member Illinois State Historical Society)

When "a modern" hears a descendant of an old settler bragging about their grandfather's residence it is not necessary to imagine that the grandparent dwelt in a palace—or even a decent brick or frame house. The "grand" part of many of these ancestors was often in the name; nothing else connected with them being spectacularly fine.

**Log Cabins.**  
Real "Old Jacksonville" was a small and scattering collection of one story log cabins; probably with stick chimneys. It was Moses Atwood who bragged of having the first brick chimney inside of a frame house in the town. He came here in June, 1825, but first located his store "in a corner of a double log cabin" on the east side of the Square. There were only eleven buildings—court house and all—in the "burg" at that time. Remember it was laid out March 10, 1825.

But a log cabin was not to be sneezed at, and "a double-log cabin" approached magnificence, as did one that was called "two-story," really a low story and a half. Atwood built the first frame at the northeast corner of the Square probably the old building that stood, say, until the "eighties" or thereabouts, just west of where Phelps' store is now.

In those early days before Michigan or Wisconsin were much developed, it was not easy to get pine for framing or siding—especially owing, still longer—to the lack of easy transportation from the states which had pineries. Even when pine siding or shingles were to be had the frames were built of oak or other local hardwood. This is true of the house now occupied by the writer—856 W. State street—which was built in 1851 or 1853.

**Frame Houses.**  
One of the earliest frame houses was the Duncan mansion, built about 1836. It had black walnut siding, as has also the Allison

house, seven miles out on the Naples road.

The old house just lately torn down by DeSilva, where his eating house is, had log-floor joists, only smoothed—or squared-off on top, so as to let the floor lie level. There was a story and a half log cabin—sided over—at the north-east corner of Prairie and Jordan streets (till some years after the Civil War. Mrs. Bearick said Isaac Fort "Roe" built the first hewed log cabin, that was built here—but that was out in Diamond Grove.

Going back to frame houses: they were mostly small, cheap affairs, without halls and poorly arranged. Offices were generally in little one story—probably one room—frame places on the Square. Col. John J. Hardin had an office in one such on the west side of the Square—supposedly south of State street.

The introduction, about 1850, of "gothic" (frame) houses was an improvement on the previous architecture of "The Athens." Along about then came such large frame houses as those of David A. Smith and Judge Wm. Brown father of Wm. Finley Brown. Singularly both had fires; the first within the past year, and the second burned Thanksgiving Day of 1911, it being then occupied by Mrs. Edward S. Greenleaf.

## Brick Buildings.

The first brick building was put up by John P. Wilkinson in 1828. It still stands at the southeast corner of E. State street and the Square. One on the north side of the Square; and another, built by Cornelius Hook, soon followed and the old "Ayer's corner" building, northwest corner of W. State and the Square, came about 1830-1.

A good brick court house was built on the southwest part of the park in 1830; vacated in 1870. The Methodists had the first brick church, and the First Presbyterian society had the second—where the Journal is now.

## HAPPY-GO-LUCKY

Oh I envy Ebenezer, of the ragged coat and hair; he's a headless, happy geezer, who has never known a care. All the day he sits and whistles, with his back against the wall, and he cares no jot or tittle of evils may befall. Dynasties and thrones may tremble, and he doesn't care a hoot; mighty armies may assemble, and the battle bugles toot; but the marching of a Caesar on new victories intent, doesn't bother Ebenezer, doesn't jar him worth a cent. While he has his daily vittles he is a stranger to a care, and he whistles as he whistles, and he chinchbugs in his hair. All the land is in commotion, every day new problems rise; from the East to western ocean there are mad excited guys; there are spasms, wild, titanic, every way a man may turn; Ebenezer views the panic, and he doesn't care a darn. Ebenezer sits and whistles, following his lifelong plan, while the papers print epistles from the "Constant Reader" clan, pointing out that Doom is coming to our bulwarks and our shrines, and that Nemesis is humming all along the vengeful lines. Ebenezer's view is broader than these visions of despair; while he has his daily fodder, what should Ebenezer care? If there's trouble on the morrow, why go forth that woe to meet? Why should he consort with sorrow, when he has enough to eat?

**CORN CROP GOOD**  
Ed O. Green of the east part of the county was a city caller yesterday. He reports a pretty good crop of corn, a 28 acre field yielding 60 bushels to the acre and one of 45 acres not so promising. He expects to have all husked in a few weeks.

## A THANKSGIVING PRAYER

(Officially endorsed by the Interchurch World Movement of North America.)

Almighty God, Who in earlier days led our fathers forth into a large inheritance, give us grace, we humbly beseech Thee to pass through these days of unrest and turmoil in confidence and courage that what has been so well begun will come to rich completion.

Bless our land with the fruits of honest toil. Save us from the discord which misunderstanding brings. Keep our feet in the path of righteousness. Teach us to love liberty and justice and to practice them to the upbuilding of the entire world as well as our own native land. Fashion into one people the multitudes brought hither out of many countries and make them true Americans.

Give us grateful hearts for the abundant harvests of the year. In the time of our prosperity temper our self-confidence with the recollection that "every good and every perfect gift is from above." Let no anxiety rob us of the consciousness of Thine abiding love. In the day of trouble suffer not our trust in Thee to fail. Be patient with us when our purposes break down or our endeavors seem of no avail.

Go with us into Thanksgiving Day. Teach us to give thanks for all the blessings of the time, to dread nothing but the loss of Thee and to perceive the sun of Thine enduring love forever shining behind every cloud.

Bless us all at the Thanksgiving Board. Be with those who cannot be with us as well as those who can. Make us, wherever we may be, one in that unity of hope and faith and love which neither time nor distance can destroy. And send us forth into the future with Thanksgiving faces and Thanksgiving hearts—eager to labor, strong to endure, and useful to the land we love. Amen.

## The Miracle Man

A Paramount-Artcraft Picture from Play by Geo. M. Cohan

A While Life in an Hour

"The Miracle Man" crowds into one picture more experience, good and bad, than most people know in a lifetime. The story begins in New York's Chinatown, where a gang of clever crooks—the "Frog," the "Dope," Tom Burke and his "girl" Rose—conduct a thriving "business" of fleecing unwary slummers.

The end is a happy beginning—for Tom and Rose, for the "Dope" and his village bride, for the "Frog" and his little "adopted mother"—on a new road that goes straight.

**FRANK WALLER ALLEN**

"Most men see only the outward and materialistic things; Dr. Allen sees the deeper truth meaning which lies at the heart of life," says the Milwaukee-Wisconsin. The Louisville Courier-Journal says, "Mr. Allen's touch is deft, and there is no mistaking his philosophy of life." These and other equally complimentary comments are being made on the Forum lecturer for next Sunday evening. No speaker on vital topics is received with more enthusiasm than Frank Waller Allen. As the author of "My Ships Aground," "Back to Araby," "The Maker of Joys," and "The Lovers of Sky," books of essays and for sometime editorial writer on the Kansas City Star, Louisville Courier-Journal and the Illinois State Journal, the speaker for next Sunday evening at the Congregational church, has a large place in the cultural life of Illinois.

For the past few years Mr. Allen has lectured before large classes and clubs in the Springfield College of Music and Allied Arts, Illinois Wesleyan College of Music at Bloomington; the Comopolitan College of Music and Dramatic Art, Chicago; Sinai Social Center, Chicago. Dr. Allen was for some years a lecturer with the White and Myers Chautauqua and also the Redpath-Vawter. In addition to this work the Forum speaker has delivered hundreds of High School, College and University Commencement addresses.

Frank Waller Allen, author, sociologist, humanitarian and lecturer is a unique character. He grew up in an atmosphere of intellectuality and stern theology and rigid morality. His progenitors were a race of mental giants. This younger Allen, after finishing his university course, put himself in touch with humanity by rapport work upon the great metropolitan daily papers. He knows the hungry hearts of the world. He loves humanity. Sometimes his utterances on the platform are as terrifically sharp and piercing as the jagged lightning, and sometimes as gentle and sweet and poetical as the lapse of a stream or the fading of a star. Dr. Allen is ranked among the most popular speakers on the American platform today. Personality Plus the subject for next Sunday evening is another way of stating the useful individual. The lecture will be brimful of homely illustrations taken from every day life. The realization of the best self, the folly of fear and cowardice, and the successful life are dealt with in this lecture. The Congregational church will be packed next Sunday evening to hear Dr. Allen.

**ABOUT PRICES OF SHOES.**

A recent number of the Boot and Shoe Recorder contains some important facts regarding boots and shoes and incidentally other goods also. A federal committee had been appointed to scour New York City and hunt for profiteering and they reported that after a careful search they had been unable to find a single case of profiteering but that dry goods, clothing, boots and shoes were being sold at less profit than ever before.

Then, too, another great factor is exports. For the first nine months of this year these, shoes and leathers totalled \$233,977,000, against \$67,000,000 for the first nine months of 1918 and \$83,000,000 for the same period in 1917, and this in the face of adverse exchange rates and if there is a change there the exports will be still greater.

Then, too, the extravagant buying. A manufacturer called attention to two pairs of shoes each retailing at \$17.00 a pair. One was good and serviceable and the other, patent leather and velvet, good for about three weeks wear and yet the demand for the latter was by far the greater. A New York retailer said that shop girls demand latest styles and wouldn't have low heeled, sensible shoes, and this pertains to clothing as well.

Many merchants are selling goods for less than the cost of replacing them. The crying need everywhere is more production. Good, honest work, the effort to do an honest day's work, together with thrift are needed and not debate. Unless extravagance can be checked and more earnest work and thrift promoted it is hard to tell what will be the outcome.

MISS SLEEZER RESIGNS AS SCHOOL TEACHER

Head of Domestic Science Department of Public Schools to Become Field Secretary for Y. W. C. A., in District Comprising Four States.

Miss Sleezer, who for the past few months has very capably filled the position of instructor in the public schools in the department of Domestic Science, has filed her resignation, with officials of the school system, it is understood, and has left Jacksonville to take up work of a different character.

Miss Sleezer has accepted a position as field secretary of the Young Woman's Christian Association and has been assigned a large district. She will work and travel in Illinois, Indiana, Wisconsin and Michigan, beginning her new duties December 1st.

There will be a meeting of the board of education next Monday night when Miss Sleezer's resignation will be acted upon and her successor appointed.

DID NOT IDENTIFY BANK ROBBERS

Sheriff Weatherford has returned from Carlville where he went to take a look at the bank robbers under arrest there. One of the men claimed that he was a resident of this city and had been employed as a stenographer here but admitted to the sheriff that there was nothing to this story. Sheriff Weatherford was accompanied by his wife and Mrs. Ben Owen. On the night the Concord bank was robbed four men traveling in a high power car took supper at the Owen restaurant and were seen by Mrs. Owen. The sheriff was anxious to learn if the men who visited the restaurant were the same as those under arrest but Mrs. Owen stated that the men were not identical.

WILL GO TO CASS COUNTY

Mr. and Mrs. E. T. Hudson and children will motor to Cass county today to spend Thanksgiving at the home of Mr. Hudson's aunt, Mrs. M. B. Hill.

Matrimonial

Jackson-Edelin.

J. H. Jackson of Chandlerville and Miss Edeline of Oakford were married at Centenary church parsonage at 11:30 o'clock Wednesday morning by the Rev. D. V. Goudy. The bride is a school teacher and a young woman highly esteemed in her home city. The groom is a farmer and they expect to make their home on a farm near Chandlerville.

Pilger-Parlier

On Wednesday evening, Nov. 26th, occurred the wedding of Mr. Carl Pilger and Miss Lida Mae Parlier at the home of the bride's parents, Mr. and Mrs. William Parlier, four miles west of Arzenville, Rev. Thomas Symons, pastor of the Methodist church of Concord officiating. The contracting parties were attended by Mr. Ruel Parlier and Miss Leona Burrus and Mr. Russell Pilger and Miss Thelma Parlier.

The rooms of the Parlier home were handsomely decorated for the event. A bounteous supper was served immediately following the ceremony.

The groom is the son of Mr. and Mrs. William Pilger who reside south of Beardstown. He is a farmer by occupation and a young man of excellent character.

The bride is the accomplished daughter of Mr. and Mrs. William Parlier and is very popular in the vicinity where she resides.

The young couple will reside on a farm in the McKendree Chapel neighborhood where the bride has always lived.

Griswold-Strang

Lee P. Griswold of White Hall and Miss Eloise Strang of this city will be united in marriage at the home of the bride's grandmother, Mrs. John E. Wright, 1123 South Diamond street at 3 o'clock this afternoon.

The ceremony will be said by the Rev. A. F. Ewert, pastor of White Hall Presbyterian church and will be witnessed by about sixty relatives and friends.

The bride is the daughter of the late Edward Strang of White Hall and was born in that vicinity and educated in the public schools, graduating from the White Hall high school in the class of 1919. For the past six months she has made her home with her grandmother, Mrs. John E. Wright. She is a member of the Presbyterian church at White Hall and has always been active in church work. Her charm of manner and many womanly graces have endeared her to a large circle of friends.

The groom is also a resident in the vicinity of White Hall. He is a farmer by occupation and commands the respect of all in the community in which he has spent his life.

They expect to make their home on a farm near White Hall and will have the best wishes of many friends for a long and prosperous married life.

Carpenter-Sooy

The marriage of Nathan J. Carpenter and Miss Ethel B. Sooy, was solemnized at 8 o'clock Wednesday night at Westminster parsonage, Dr. E. B. Landis officiating. The impressive ceremony was witnessed by Mrs. E. J. Sooy, mother of the bride, Mr. and Mrs. Arthur Glenn Sooy, Misses Della Osborne and Helen Deaton and R. H. Covington.

Two families quite well known in the county are united by this marriage, as the relatives of both have been resident in this locality for many years. The bride, who is a graduate of the Woman's college, has for several years been a successful teacher and is now one of the faculty of the schools of South Jacksonville. It is her intention to continue her school work for the remainder of the year.

Mr. Carpenter is an employee of Switt & Co., and enjoys the confidence and esteem of those who know him best. He was in the army service and was discharged only a few months ago. It is an interesting fact that Mr. Sooy and Mr. Covington, who were in the little company, were also discharged soldiers.

For the present Mr. and Mrs. Carpenter will live at the home of the bride's mother, Mrs. E. J. Sooy, on South East street.

Miss Catherine Cain Gave Dance in Honor of Guests.

Miss Catherine Cain gave a dance at the Colonial Inn Wednesday evening in honor of Miss Margie Carr of Belleville and Miss Margaret Baxter of Springfield, Mo. Thirty couples were present and music was furnished by Randall's six-piece orchestra. During the evening refreshments were served and the event proved one of great pleasure.

Mrs. Zed Bell Celebrates Her 48th Birthday.

Mrs. Zed Bell, residing in the Ebenezer neighborhood will today celebrate her 48th birthday. She expects as guests her brothers the Messrs. Oxley of Durbin neighborhood and Mr. Bell's brothers of Mason county, one of them, T. Z. Bell, of Havana. A fine dinner and a good time generally may be anticipated by the guests.

Their Fifty-first Wedding Anniversary.

Yesterday was the 51st wedding anniversary of Mr. and Mrs. J. T. Osborne of this city. A year ago, Odd Fellows and friends helped give the worthy couple a handsome surprise, but this year the event was quietly remembered by Mr. and Mrs. Osborne at their pleasant home on North Church street. Of one thing though they can be very sure; they have the cordial esteem of a host of friends in and about Jacksonville.

Boilermakers Gave Third Annual Ball.

Boilermakers Local No. 415 gave its third annual ball in Knights of Columbus Hall Wednesday evening. Over one hundred couples were present and an excellent dance program was carried out to music furnished by Labby's Jazz band. The committee in charge and to which the success of the dance was largely due was composed of Frank McKenna, I. W. Eaton, Edward Sellers, Leo Doolin, Edward Burkery, James Davidson, William Craddock, Francis Sloan, Harry Pike, Walter Quinlan.

TO VISIT COUSIN.

Miss Dorothy Farrell went to St. Louis yesterday afternoon to be a Thanksgiving guest at the home of her cousin, Miss Isabel Oatman.

SPENDING HOLIDAY HERE.

Warfield Brown, who is with a well known St. Louis automobile firm, will spend Thanksgiving at the home of his parents, Mr. and Mrs. Edward W. Brown.

JURY DID NOT AGREE IN BRIDGES CASE

Discharged by Judge Smith After Twenty-four Hours Deliberations—Court Orders.

In the circuit court late yesterday afternoon Judge Smith dismissed the jury which for 24 hours been considering the case against John Bridges of Waverly. The jurors indicated thru their foreman, C. F. Glossup, that there was no hope of their reaching an agreement. Then the court gave the order of dismissal, at the same time expressing his surprise that any man who heard the evidence could think the defendant not guilty. The jury included C. O. Bayless, Charles Young, E. H. Ranson, John Gray, H. L. Deppie, H. B. Kamm, H. S. McKinney, E. E. DeFries, William Batz, C. F. Glossup, E. M. Keyser.

It is understood that the jury stood ten to two for conviction. Court adjourned until Monday morning at 11 o'clock.

Law Cases.

In the case of the People vs. John A. Moss et al., returned from the supreme court, the demurrer entered to certain pleas was overruled.

In the appeal case of John Ward vs. Alexander Platt, entry was made showing that the case had been dismissed at the costs of the defendant by agreement.

In the assumpsit suit of G. A. Steber vs. Cassandra Robertson, docket entry was made showing that the judgment and costs had been satisfied in open court and the cause stricken.

In the suit of William Rook vs. Chicago & Alton Railroad the docket entry indicated dismissal as to the C. & A. R. R.

A like order was entered in the case of Carl H. Bergschneider vs. Walker D. Hines, director general and the Chicago & Alton Railroad.

Chancery.

In the separate maintenance suit of Connie Stephens vs. Wesley Stephens, an order was made stipulating that the defendant shall make a payment to the complainant for alimony's fees.

In the partition proceedings of Carl H. Wahnenbrock et al vs. Edward German et al., the report of the commissioners was filed and approved.

In the partition proceedings of Robert Jones et al vs. June Jones, the decree was entered and approved.

In the divorce suit of Gertrude Patterson vs. James Patterson, the decree was granted and the cause stricken.

PROVIDE EQUAL REPRESENTATION

WASHINGTON, Nov. 26.—The international labor conference provided today for equal representation of the European countries and the new countries on a commission to consider regulations for workers migrating from one state to another and the protection of interests of wage earners residing outside of their native state.

The resolution adopted included a draft convention providing the collection and distribution of information on labor problems, the maintenance of free employment bureaus and the adoption of a system whereby the workers in a foreign country may receive the same insurance benefits as granted in their own countries.

MARTIN WINS FIGHT

Detroit, Mich., Nov. 26.—Bob Martin of Akron, Ohio, heavy weight champion of the inter-allied armies knocked out Tom Riley of Minneapolis in the first round of a scheduled ten round bout tonight. The knockout came after two minutes and 41 seconds of fighting during which Riley was floored seven times by the twelve blows he received. The knock out blows were right and left swings to the jaw, a left uppercut to the heart and left jab to the wind. Martin was untouched.

UNABLE TO SIGN AUSTRIAN TREATY

PARIS, Nov. 26.—Contrary to expectations, the plenipotentiaries of Jugo-Slavia did not sign the Austrian peace treaty this afternoon. The reason given by them was that they found they did not have the requisite powers to sign the different annexes.

The plenipotentiaries have eight days within which to procure the necessary powers and it is believed here that this authorization will be received within that period.

The annexes provide for the protection of racial minorities, repatriations concerning Italy and a financial arrangement regarding sharing of expenses in the liberation of the former Austrian-Hungarian monarchy.

The time for the signing of the Bulgarian peace treaty has been definitely fixed for 10:30 a. m. tomorrow. It will take place in the Neuilly town hall.

CONFESSES TO MURDER

Norwalk, Nov. 26.—Charles Rehfield today confessed to the murder of Dr. Horace A. Benson, prominent dentist here according to the police, because of Benson's war-time activities. Rehfield is said to have declared that he shot Benson with a dum-dum bullet thru a basement window while the dentist was attending to the furnace in his home last night.

## DORWART Cash Market

refreshment booths did a thriving  
business.  
During the evening a vaude-  
ville bill was presented. Among  
the "acts" on this bill were the  
following:

"Animated Dolls" by members  
of the Freshman class.  
"A Country School" by Junior  
class students.

"A Fake Operation" members  
of Sophomore class.  
"Old Time Minstrel Show" by  
the Seniors.

A quartette composed of Prin.  
Hopkins, Denny, Peckham and  
Guyette sang several selections.  
Music for the evening was fur-  
nished by an orchestra under the  
direction of John Kearns.

A song and dance act by mem-  
bers of the Dramatic Club was  
also well received.

A fortune teller added to the  
features of the carnival. Mrs.  
Clarence Buckingham filling this  
difficult role.

Miss Kent was chairman of the  
general committee in charge of  
the event. Other members of the  
general committee were Mr. Rush,  
Miss Metzner, Frank Cohen, and  
Miss Mary Floreth.

Albin Molohon was chairman  
of the publicity committee.  
As stated each class had charge  
of some kind of booth and also  
had a part in the program.

**The Freshmen.**  
Members of the Freshmen class  
had an attractive booth in which  
popcorn and peanuts were sold.  
Misses Helen Kamm and Flossie  
Jolly were in charge of the booth.  
This class also was in charge of  
the fish pond.

In the vaudeville sketch "Ani-  
mated Dolls" Coach Raymond  
Hufford, one of the class faculty  
advisers, appeared on the stage.  
He was supposed to have dis-  
covered some wonderful chemical  
solution in France, possessing life  
giving properties. He adminis-  
tered this to a number of "dolls"  
with the result that they were  
brought to life and performed on  
the stage. The cast of characters  
was as follows:

Rag Dolls—Fern Potter and  
Kathryn Lewis.  
Baby Doll—Margaret Marshall.  
Jack-in-the-Box—Wilbur Row-  
land.

Owl—Lavinia Scott.  
Fairy—Caroline Doane.  
Quarter Back—John Hackett.  
Buster Brown—Ruth Souza.  
Mary Jane—Mary Ethel Ham-  
ilton.  
Tige—Buddy Gates.  
Donkey—Albon Wolfe.

Noah's Doll—Sybil Chism.  
Roller Skater—William Mc-  
Namara.

Boy Scouts—George Adams  
and Allen Kelly.  
Camp Fire Girl—Lois Harney.  
Soldier—Carl Kechner.  
Clown—Mary Edith Baumgart-  
ner.

### The Sophomores.

The Sophomore class booth in  
which pop and ice cream cones  
were disposed of, and had a check  
room, was prettily decorated in  
the class colors. Paul Bolman  
was the chairman of the ice cream  
committee for the class. Miss  
Belle Palmer was chairman of the  
pop committee. Other members  
of the Sophomore booth com-  
mittee were: Ralph Mitchell, Julia  
Holmes, Catherine Wilson, Eliza-  
beth Scott, Ruth Dorwart, Law-  
rence Lane, Clifford Sibert, Reg-  
inald Reed, and Helen Pyatt.

The vaudeville stunt of the  
Sophomore class was a "take off"  
on the Bloomington football men.  
The scene was laid in a hospital  
operating room. A wounded  
Bloomington player was brought  
in and forced to undergo an  
operation. The following was the  
cast of characters:

Dr. Cutup—Frank Bolman.  
Nurse Salpatica—Frances Gris-  
wold.

Bloomington Football Player—  
Ralph Mitchell.

Stretcher Bearers—Reginald  
Reed and Morris Johnson.  
Mr. I. Buriem, an undertaker  
—Luther Kennedy.

Orderly—Frank Drury.

### Juniors.

The Juniors had a clever skit  
entitled "A Country School" and  
this afforded much merriment.  
The cast for this part of the pro-  
gram was as follows:

John Brown—Leland Perbix.  
Mary Scott—Helen Baker.  
Percy Frederick Smith—Pal-  
mer Schiele.

Betsy Brown—Elizabeth Wel-  
sh.  
Henry White—Norman Vieira.  
Robert Scott—Frank Wolfe.  
Lizzie Jones—Thelma Pires.  
Joe Hanson—Henry Struck.  
Teacher—Miss Clara Smith.

### Seniors.

The Senior class then pre-  
sented a minstrel show which  
was especially noteworthy. Much  
of the success of this act is due  
to Carl Richards, who acted as in-  
terlocutor and also spent much  
time in drilling the students in  
their parts. Molohon and Hunt  
as end men played their parts  
well. There was a large number  
of the members of the class who  
took a part in this show.

Among the song hits of the eve-  
ning in the minstrel were "A  
Good Man is Hard to Find" by  
Josephine Deenges, "Freckles"  
by Arthur Green, and a song by  
Bud Molohon.

### Other Attractions.

Prior to the vaudeville show,  
the Juniors and the Seniors  
served refreshments, a cafeteria  
style, in a booth erected for the  
purpose. This booth was well  
patronized and pumpkin pie,  
sandwiches, and other good things  
to eat were soon disposed of.

The Seniors also had a num-  
ber "games of chance" to attract  
the visitors change and these  
games afforded much amusement.  
The Juniors in addition to hav-  
ing a refreshment stand and tak-  
ing part on the vaudeville pro-  
gram also supported a "Chamber  
of Horrors" and this was in  
charge of Frank Cohen, a member  
of the class.

## W. A. CRAWLEY IS SHOT BY HUNTERS

Well Known Farmer Shot in  
Hand By Local—Victim at  
Pasavant Hospital—Boys in  
Jail.

W. A. Crawley, a well known  
farmer residing on the Kitter  
farm southeast of the city, was  
shot in the right hand Wednesday  
morning. The shooting was done  
by one of three boys, who had  
been ordered off the farm by Mr.  
Crawley.

The boys are, "Bug" and Ted  
Griggsby, colored and Thomas  
Hennessey, white. Immediately  
after the shooting the sheriff's  
office was communicated with and  
Chief Deputy John J. Perry placed  
the boys under arrest and they are  
now in the county jail awaiting a  
hearing.

Mr. Crawley was removed to  
Pasavant hospital where he was  
attended by Dr. Bradley, assisted  
by Dr. T. O. Hardesty. It was  
found that some of the shot passed  
thru the hand, and the little  
finger was fractured. A number  
of shot also were imbedded in  
the forearm. Unless infection  
sets in the wound will not prove  
serious.

The boys claim that they left  
the farm they being ordered off  
and that they did not fire at  
Crawley until after he had fired  
several shots at them.

However, Mr. Crawley says that  
the boys fired at him first, at a  
distance of about 20 feet. It was  
after this that he fired. Poor  
marksmanship on the part of the  
boy who fired the gun probably  
saved Mr. Crawley's life.

### ALEXANDER

Alexander Nov. 26. — Miss  
Awanda Willetts, Miss Ethel Wil-  
letts, Ralph and Carl Willetts,  
William Colwell, and Ruth Col-  
well of Homer, Ill., were among  
the visitors from Alexander in  
Jacksonville Wednesday.

Miss Catherine Kaiser and Mr.  
and Mrs. Ernest Strawn motored

Mrs. Hagel of Mt. Sterling is  
visiting her daughter, Miss Agnes  
Hagel in Alexander.

George Colwell of Alexander  
was a business caller in Jackson-  
ville Wednesday.

John Snyder of Alexander was  
attending to business matters in  
Jacksonville today.

Miss Ruth Hall of Homer, Ill., is  
a guest at the home of J. S. Wil-  
letts.

## JACKSONVILLE HIGH CLOSES SEASON TODAY

Local Team Plays Bloomington  
on Illinois Field This After-  
noon—Game Promises to be a  
Hard Fought Contest.

Jacksonville High School plays  
its last game of the season on  
Illinois field this afternoon with  
Bloomington High as an oppo-  
nent. Based on past performances  
the teams are evenly matched and  
the contest should be a hard  
fought one with victory going to  
Jacksonville if she plays good  
football.

Bloomington has not had a  
prosperous season insofar as vic-  
tories are concerned. Coach Phil-  
lips' squad has taken on some of  
the hardest teams in the state.  
They lost to Champaign by a  
large score and also to Peoria  
Manual. However, the team de-  
feated Springfield for the first  
time in twenty years. This does  
not indicate a strong team as  
Springfield has been losing most  
of her games this year.

Coach Phillips with a squad of  
fourteen men will arrive here this  
morning over the Chicago & Al-  
ton and expects to be on the long  
end of the score according to the  
Bloomington reports.

Coach Hufford has not an-  
nounced his line-up for this af-  
ternoon. It is said he will make  
a number of shifts in the team,  
which includes placing Molohon  
at fullback instead of tackle.

However, it is probable that that  
team will line up as follows:  
Ransdell, le; R. Arter, lt; Bray,  
lg; Smith, c; Reid, rg; Arnold,  
rt; Lucas, re; Hunt, qb; Cockle,  
lh; Green, rh; Molohon, fb.

Bloomington's line-up follows:  
Pierrey, le; Somerville, lt;  
Barr, lg; Harmon, c; Green, rg;  
Corson, rt; Kuhn, Capt. re; Ma-  
Gil, qb; Stubblefield, lh; Evans,  
rh; Frank, fb; Substitutes, Black-  
burn, Finney, Blackburn.

Coach Harmon of Illinois Col-  
lege will referee. John Larson,  
Moline High umpire, Strickler,  
Illinois College, headlinesman.  
The game will start promptly at  
2:30 o'clock. Fifteen minute pe-  
riods will be played.

## CHICKEN PIE SUPPER AT LITERBERRY CHURCH

Annual Thanksgiving Event Is  
Attended By Large Number  
Last Evening—Ladies Aid So-  
ciety Nets About \$60.

The annual Thanksgiving  
chicken pie supper was served at  
the Baptist church in Literberry  
Wednesday evening by the ladies  
of the church. There was a good  
crowd present and the pro-  
ceeds of the supper approximated  
\$60.

The menu was an attractive  
one, including delicious chicken  
pie and all the other good things  
that go to make up an excellent  
supper.

Mrs. Warren Daniels, president  
of the Ladies' Aid Society of the  
church was in charge of the affair.

Members of the various com-  
mittees, whose cooperation with  
Mrs. Daniels accomplished the  
success of the undertaking, are as  
follows:

Chicken Pie—Mrs. O. M. Pete-  
fish, Mrs. J. C. McMillan and  
Mrs. Abe Dinwiddie.

Cranberries—Mrs. Durrel  
Crum.

Fruit Salad—Mrs. Ona Crum.  
Oysters—Mrs. John Daniels.  
Potatoes—Mrs. Ernest Young.

Gravy—Mrs. Bert Oloyd.  
Coffee—Mrs. C. A. Beavers.  
Cakes—Mrs. Earl Rexroat.

The table committee was com-  
posed of the members of the Live  
Wire Sunday school class.

### WINCHESTER

Winchester, Nov. 26.—Mrs. W.  
D. Gibbs left Tuesday for Jack-  
sonville to take treatment at Pas-  
avant Hospital.

Mrs. Gertrude Demereth arrived  
home Tuesday from Petoka,  
Ill., where she has been singing  
and assisting in evangelistic  
work.

Roy Phears, who is employed  
at the Priest Garage in Win-  
chester was the victim of an un-  
fortunate accident several days  
ago, being struck in the eye by a  
small piece of steel. The steel  
was removed by Dr. H. H. Fletch-  
er, and it is not believed that the  
sight will be lost, altho Mr.  
Phears is said to be suffering con-  
siderably from pain.

Funeral services for the late  
John Hopper will be held from  
the Methodist church Friday af-  
ternoon at 2 o'clock.

Mr. and Mrs. Charles Williams  
of Chicago arrived Wednesday  
to spend Thanksgiving Day with  
his mother, Mrs. M. E. Williams.

Miss Helen Miner arrived home  
Wednesday from the Illinois  
Woman's College, Jacksonville,  
to spend the holiday with her  
father, Dr. James Miner and  
sister.

The members of the Winchester  
high school football team will  
not go to White Hall Thanksgiving  
Day to play football for the  
reason of the prevalence of small  
pox in White Hall. It is said  
that town is under quarantine.

### STATE HOSPITAL

Dr. W. B. Sharpe of Springfield  
was a visitor at the Jacksonville  
State Hospital yesterday for the  
purpose of making a number of  
vaccinations of patients for  
respiratory diseases in general.

Social Service workers and  
members of the main office force  
at the state hospital will enjoy a  
vacation today.

Miss Ottwell expects to spend  
Thanksgiving Day in Waverly.

### JUSTICE COURTS

Sidney Oloyd was arraigned  
before Justice Coons Wednesday  
and fined \$10.00 and costs on the  
charge of disorderly conduct.

### THE OBSERVATORY

This Thanksgiving Day should  
afford an occasion when all can  
sincerely count their blessings and  
rejoice. Locally, the East State  
pavement progress; the near-  
completion of the dam, assuring  
plenty of water; the money al-  
ready voted for the filtration  
plant, which will assure pure  
water; and the appropriation vot-  
ed by the people for a transfer  
of the water and light plant af-  
ford a great saving financially  
and a consolidated municipal  
plant, give us cause for thanks to-  
day. Best of all, however, the  
recent victory for the bond issue  
and other evidences of public  
spirit show the manner in which  
the residents of Jacksonville are  
united for municipal progress and  
also indicate their support of and  
faith in the present city adminis-  
tration.

One of the features of the Day  
is and has always been the din-  
ner. While this event will be  
most enjoyable in almost every  
home in Jacksonville today, the  
rights of the "lady of the house"  
should be safeguarded on the hol-  
iday. Take her to the picture  
show or football game this after-  
noon with the kids and let all en-  
joy the holiday together if possi-  
ble.

The fact that a man can tramp  
several miles around a pool table  
in the evening does not prove that  
he can go to the store for his wife,  
says an exchange. No, he prob-  
ably won't have anything left to  
go to the store with.

An Eastern physician of a chem-  
ical and advertising turn of mind  
says sugar is nothing but solidi-  
fied alcohol. We recently stum-  
bled over a party who was solidi-  
fied with alcohol, but he seemed  
anything but sweet.

Bill Carlisle, Wyoming's prize  
Robbing Hood, will continue to  
make sport of his pursuers for  
several days, and then they will,  
probably by accident, come down  
upon him all at once, and perfor-  
ate him as is a bachelor's sock.  
And it will be a shame and a tri-  
umph, and the world will mourn  
the loss of an artist and rejoice  
in the extermination of an out-  
law.

After the family feed today,  
the day will not be complete un-  
less you take in the Turkey Day  
gridiron scrap between Bloom-  
ington high and the local high school  
aggregation of pigskin tossers at  
Illinois Field. The game will be  
called at 2:30 o'clock.

The football helmet, or head  
gear, is an important piece of  
equipment incident to the grid-  
iron game. It enables players to  
give part of their attention to the  
game which otherwise would be  
taken up tossing their heads back  
to keep their pompous out of  
their eyes.

Our recollection is that most  
everybody stayed on the job pret-  
tily, faithfully when the menu was  
work or fight and General Crow-  
der was the head waiter.

The inebriated citizen who  
weeps on your shoulder is disap-  
pearing, but we still have the wo-  
man who cries at a movie show.

It is believed that our well  
known melting pot would work  
much better if we would keep a  
hot fire under it and skim off the  
red scum as fast as it comes to  
the top.

"The nation that smokes will  
perish," declared an anti-tobacco  
orator speaking in Newcastle-on-  
Tyne the other night. That ac-  
counts for the gradual but per-  
fectly evident decay of Great  
Britain and the United States  
since the Indians first took Sir  
Walter Raleigh on behind the  
barn and taught him the use of  
the devilish weed.

After today, only twenty-three  
more shopping days until Christ-  
mas, which is ample sufficiency for  
a young man who, after piling up  
a Christmas saving score of  
\$11.26, sustained several penalties  
and then was taken out of the  
game at the end of the first quar-  
ter.

It is said that Christmas shop-  
pers will be divided into two  
classes this year—those who buy  
early and those who buy nothing.

J. Fuller Gloom: Exhaustive  
examination convinces me that  
the affairs of a bantam hen and a  
high school student are not nearly  
as momentous as they seem.

William Allen White says the  
saddest thing about prohibition  
is that it removes from our lan-  
guage the "gin rickety," which is  
one of the few words that rhyme  
with "bolshieviki," and the poets'  
union should ask the dries for  
damages and heart balm.

How Did He Think of Them All?  
Victor Berger has announced  
his new platform for the next race  
for congress. He allies himself  
with pro-Germans, liquor inter-  
ests, the I. W. W., and against  
the power of the house to reject or  
admit its own members. Aren't  
there any other possible issues for  
Mr. Berger to espouse, or did his  
imagination just go lame on him  
when he finished picking these?

terest.

Manchester, Nov. 26.—A box  
social and entertainment of more  
than usual importance was given  
at the Manchester high school  
this evening by the students of  
the school.

The play, which was entitled  
"Maiden All Forlorn," was given  
in excellent fashion by a cast  
of characters portrayed by the fol-  
lowing:

Maudie—Dovie Smith.  
Bertha—Erma Lakin.  
Elizabeth—Faye Greenwalt.  
Aunt Louisa—Gladys Garner.  
Joyce—Ada Cummings.  
Mrs. Maloney—Opal Rowe.

Following the drama, the boxes  
were auctioned off by Standley  
Day and a goodly sum realized  
thru their sale.

### Will Wed Today.

The marriage of Rev. Fred Her-  
ron of Manchester, pastor of the  
West Union church, and Miss  
Stella Claridy of Murrayville will  
be held at the home of the  
groom's sister, Mrs. David Cooper,  
west of Murrayville Thursday  
noon, Rev. Roy Marsh officiating.  
Following the ceremony a wed-  
ding dinner will be served.

### Baptist Donation.

The members of the Baptist  
church of Manchester gave a dona-  
tion party to their minister, Rev.  
Fred Peek today. All donations  
were left at the Blakeman Produce  
house and later delivered to the  
residence of the pastor.

### Will Give Oyster Supper.

The Epworth league of the M.  
E. church will hold an oyster sup-  
per and parcel post sale in the  
Weis hall Thursday night.

### News Notes.

### Birthday Party.

A very enjoyable party was  
given at the home of Mrs. Jesse  
Drennan north of Manchester  
Tuesday evening in honor of her  
son Neal's fourteenth birthday.  
Members of the seventh grade  
were invited guests. The evening  
was spent in games and music.  
Refreshments were served. The  
young man received a number of  
useful presents.

## SALE OF \$131,000

JACKSONVILLE, ILL.

## FUNDING BONDS

The City of Jacksonville will receive sealed bids at the office of the City Clerk up to four o'clock P. M. Friday, December 5th, 1919, for the purchase of \$131,000 of Funding Bonds, dated December 1st, 1919, bearing interest at the rate of five per cent per annum, payable semi-annually, at the office of the City Treasurer in said city. Twenty of the bonds are of the denomination of \$500 each and mature one each year beginning December 1st, 1920 through 1929. One hundred and twenty-one of the bonds are of the denomination of \$1000 each and mature \$6000 beginning December 1st, 1920 through 1939. These bonds are issued to pay valid indebtedness of the City of Jacksonville. All bidders will be required to accompany their bids with a certified check of \$2000, as an evidence of the good faith of the bidder, and that he will take up and pay for the bonds if the sale is awarded to him. Failure to do so, said sum of money shall be forfeited to the city as liquidated damages. The bonds will be ready for delivery to the purchaser immediately upon acceptance of the bid and unless the bonds are taken up and paid for within five days after notice of award of sale, the check aforesaid will be forfeited to the city. The approving opinion of Charles and Rutherford, Attorneys of the City of St. Louis, will be furnished to the purchaser of the bonds. The City Council reserves the right to reject any and all bids.

## Limestone Rates.

The companies producing agricultural limestone have taken the opportunity to advance the rates. Most of the companies have made a delivered price of \$2.00 per ton but they have recently notified us that they are now advancing the rates. The farmers near Jacksonville have been very fortunate in having access to a considerable supply in the hands of one of our local dealers, but when this supply is gone, they will have the unpleasant experience of paying a price far beyond their expectations.

## Clover Seed

Clover seed is decidedly scarce. The supply is largely in the hands of dealers at the present time. There is a disposition to start the price this fall where it quit last spring. As there is no great supply any where in the United States farmers will do well to buy at once. The price next spring undoubtedly will be higher.

## THANKSGIVING DAY IS OBSERVED IN VARIOUS PROGRAMS AND EVENTS

Many Family Gatherings Will  
Mark Celebration of Holiday in  
Jacksonville—Programs Carried  
Out in Public and Parochial  
Schools—Entertainments at  
Other Local Institutions.

The year passes quickly, the hours tarry, and time bygone is a dream, the we thought it never would go while it was going—Newman.

So has another year gone by, and looking backward it seems but yesterday that we were saying that Thanksgiving would have a special significance because of the signing of peace. But even so, there was a fly in the ointment, for most of the soldiers and sailors were still on duty and unable to be at home last year for the family reunion on this peculiarly American holiday. Now comes the second Thanksgiving since the armistice and with it a feeling of contentment and satisfaction. The uniforms that brought their wearers all honor are laid away, and outwardly the men have resumed their appearance of three years ago. Somewhere within, however, are memories of two Thanksgivings in camp or field, and experiences that made up "the amazing interlude."

The manner of celebrating Thanksgiving has changed within the past few years but the feature of the day—dinner—is the same as ever. The Christmas is coming, the poultry is all but prohibitive in price, always there is the roast turkey, goose, duck, or chicken with all the trimmings. And afterward that family visiting for which there is all too little time.

Thanksgiving brings to each family its own intimate memories of years gone by, its own dreams of the Thanksgivings that are to come. It touches emotions that are easily stirred when "the frost is on the pumpkin and the fender's in the shack."

At the parochial schools the Thanksgiving season was quietly observed by special readings, stories being told and read in the various rooms of the school. Special Thanksgiving songs also were sung.

Jefferson School.  
Yesterday the Thanksgiving holiday season was observed by no special program in which the

entire school took part at Jefferson school, but rather by classes. In the morning the upper grades assembled and enjoyed a brief program, while the lower grades sang Thanksgiving Day songs in their own rooms.

Lafayette School.  
At the Lafayette school the holiday was celebrated in the morning by the lower classes in their respective rooms with the singing of Thanksgiving songs, recitations, etc., while the third, fourth, fifth, and sixth grades assembled to hear a very interesting and instructive address by Rev. W. H. Marbach, pastor of State street Presbyterian church.

Morton School.  
It was reported to the Journal that there was no special program carried out in observance of the holiday at Morton school. The

at Washington school. Yesterday morning Rev. T. H. Tull, pastor of Grace M. E. church was present and made a very interesting address to the children and last Friday afternoon the following program was carried out in recognition of the holiday:

## Thanksgiving

Gratitude is one of the noble sentiments of the mind. The ingrate, the one who will forget, wound or injure one who has been a friend and benefactor is a man commonly styled too mean to live. The just and natural feeling in the human breast is to show gratitude and give thanks to the great and good Giver for all the manifold blessings enjoyed in this world.

The people of England have harvest home festivities which somewhat correspond to the American Thanksgiving but the first real Thanksgiving in this country was during Colonial days. Crops had been poor and starvation stared the helpless people in the face when, at the last extremity, a ship load of supplies landed from the mother country and the people were saved and a day of public thanksgiving to Almighty God was ordered by the governor. From that day forward the custom became a fixture and in time it was the great day of New England.

Owing to certain ideas and feelings little was then made of Christmas or Easter. An aged New Englander of this place once remarked with a show of pride that he knew nothing of Easter till he was grown. All over the eastern coast the day of Thanksgiving was well remembered and the writer well remembers a song with this refrain:

"Thanksgiving, Thanksgiving,  
The day, O how dear;  
Thanksgiving, Thanksgiving,  
The best of the year."

The people from the east brought the custom with them to this part of the country and one old settler says he thinks it has been observed here for 75 years. One of the early ministers to remember it was the venerable Peter Akers, who preached two hours, then stopped for dinner and finished his sermon with two hours more after they had eaten. One who knew him remarked the old man could preach three hours without being tiresome.

The day was better observed then here than in Ohio, tho it was remembered to some extent there. At first the day was not absolutely fixed but later the last Thursday in November was decided on and is now a national holiday and surely here in Jacksonville there is all reason for gratitude for an abundance of mercies.

singing of songs appropriate to the season in the respective rooms by each class were enjoyed.

Franklin School.  
At Franklin school yesterday the following excellent program was enjoyed by the pupils.

Song: "Thanksgiving Day"—School.  
"The First Thanksgiving Day"—Mildred Edmunds.  
"Little Pilgrim People"—Lola Adams.

Songs, First and Second Grade Pupils. "Give Thanks"—First Grade.

"November"—Thelma Bartlett.  
"I'm Glad"—Mary Louise Hunter.

"Thank You"—Charlotte Her-ring.  
"Tommy Bob"—Burton Cannon.

"Landing of the Pilgrims"—Anna Hunter.  
Song: "Thanksgiving"—School.

An observance of the Thanksgiving season was carried out in an entertaining way at Independence school. In the morning Miss Bowman, children's librarian at the public library was present and told the children a number of stories suitable to the day. Miss LaVelle, the teacher, also told some stories for the pupils, and Thanksgiving songs were sung.

Why Druggists Recommend Swamp-Root

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder medicine.

It is a physician's prescription. Swamp-Root is a strengthening medicine. It helps the kidneys, liver and bladder do the work nature intended they should do.

Swamp-Root has stood the test of years. It is sold by all druggists on its merit and it should help you. No other kidney medicine has so many friends.

Be sure to get Swamp-Root and start treatment at once.

However, if you wish first to test this great preparation, send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention The Jacksonville Journal Co.—Adv.

Now she is well. It is the greatest remedy I ever saw." Mr. Gibson made this statement before hundreds of people.

Mrs. Florence Meager, 234 Whitney street, Hartford, Conn., writes: "I have used your Antiseptic Oil for neuralgia with good effects. Only thing I have ever tried that stopped the pain immediately." "I have used your great pain oil for rheumatism, stiff joints, also for sore throat, and I want to say that it is the greatest remedy I ever tried. I recommend it to all sufferers." Many cures reported from thousands of grateful users of this wonderful oil. Every bottle guaranteed, 30c, 60c, and \$1.00 a bottle, or money refunded, at Armstrong & Armstrong.—Adv.

Open Air School.  
The day was suitably observed by the students at the Open Air School yesterday. At noon a special dinner was served. The Loyalty Legion contributed doughnuts and Dr. Milligan, candy. At two o'clock Miss Bowman, children's librarian at the public library was present and told the pupils a number of interesting and entertaining Thanksgiving stories. The children had made a number of baskets and the school room was prettily decorated with these and with crepe paper for the occasion.

At noon, Superintendent of Schools H. A. Perrin, Dr. Josephine Milligan, and Mrs. Cowhick secretary of the Social Service League, were present.

## What is Rheumatism? Why Suffer from It?

Sufferers Should Realize  
That It is a Blood Infection  
and Can Be Permanently Relieved

Rheumatism means that the blood has become saturated with uric acid poison.

It does not require medical advice to know that good health is absolutely dependent upon pure blood. When the muscles and joints become sore and drawn with rheumatism, it is not a wise thing to take a little salve and by rubbing it on the sore spot, expect to get rid of your rheumatism. You must go deeper than that, down deep into the blood where the poison lurks and which is not effected by salve and ointments.

It is important that you rid your self of this terrible disease before it goes too far. S. S. S. is the blood purifier that has stood the test of time, having been in constant use for more than fifty years. It will do for you what has done for thousands of others, drive the rheumatic poisons out of your blood, making it pure and strong, and enabling it to make you well. S. S. S. is guaranteed purely vegetable, it will do the work and not harm the most delicate stomach.

Write the physician of the company and let him advise you. Address Swift Specific Company, 435 Swift Laboratory, Atlanta, Ga.

### LEST YOU FORGET.

Today is National Thanksgiving Day and the doors of many a church house is open this morning to welcome those who feel that they owe Jehovah. Thanksgiving and praise would like to meet at His house to render such. The Mt. Emory Baptist church as well as few more churches of the city will open its doors at 11 a. m. to accommodate all who will come and worship with its members. The services will open with a short sermon by the pastor suitable for the occasion after which the services will be furthered by songs, prayers and expressions of Thanksgiving by the congregation. Won't you come and help us to make this service a great success? At the close of the services we will take a collection for our state mission work. Since the Almighty has so wonderfully blessed us these past years we feel that we should show our appreciation by giving a strong financial push to the Kingdom's work. We sing, "Help Us to Help Each Other Lord" etc. The Lord has helped us now let us come together and put our means together and help our weaker brethren.

The ladies will serve a Thanksgiving dinner from 12:30 to 6:00 p. m. Everybody is invited and we hope that everybody will go to some one of the services of the city.

### CLAIMS CLOSING OF SCHOOLS ILL ADVISED

White Hall Schools Re-Opened Monday With More Cases of Small Pox in City Than Were Reported Two Weeks Ago—Most Cases of Light Form.

White Hall, Nov. 26.—Mayor E. N. McLaren, president of the local board of health now claims that the recent closing of the schools for nearly two weeks affords proof of his contention that it was unwise to close the schools on account of the then threatened epidemic of small pox. A state health officer who later visited the city also stated that the closing move was ill advised, adding that with the schools in operation a health nurse could be employed to make an investigation of all cases of indisposition and thereby keep a close check on the health situation, which would be impossible otherwise. The schools re-opened Monday, and Mayor McLaren shows that there has been an increased number of small pox cases during the suspension. He gave figures this morning to show that there are twenty-eight cases of small pox now under quarantine and eighty-five cases more under quarantine because of being exposed to the disease, an increase of seventeen cases of quarantine over two weeks ago. The public, however, it little disposed to further oppose the vaccination order, and this is helping to curb a spread. The health officers aver that the light form of the disease is proof of the efficacy of vaccination, because in each case there is found a record of vaccination on part of the patient or on the parents years ago. There is not a case where vaccination has been administered within five years. Two serious cases earlier in the season were those who had never been vaccinated, nor had their parents been vaccinated so far as known. Dr. Winter, of the state board of health, will visit White Hall in a few days to check up the situation.

Dr. H. A. Ignatius, private physician to George E. McClay, is planning to leave soon for his native land of Armenia on account of reports of a renewal of the onslaught of Turkish brigades upon the Armenian people. Dr. Ignatius is very much affected by the stories of murder and cruelties being inflicted upon his people by their old enemies, the Turks, and yet there is re-assurance in special correspondence from Paris, published in the Globe-Democrat Monday, that there is little danger of another massacre. Dr. Ignatius will decide by the end of the present week what his course will be.

### BYRON SIMS WILL WED PALMYRA GIRL

Will Be United in Marriage to Miss Wilnora Hayden Today—Wedding Will Take Place in Palmyra.

This afternoon at 2 o'clock Byron Sims of this city will be united in marriage at Palmyra, Mo., to Miss Wilnora Hayden. The ceremony will be said at the home of the bride's uncle, Dr. Hayden. The bride is well known here where she has visited a number of times. Her parents are both dead and she has made her home with her uncle. She is one of the popular young women of her home city.

The groom is the son of Mr. and Mrs. Van Sims of West College street. He was born and reared here and educated in the public schools. For a number of years he has been in charge of the stock room at the Woolworth five and ten cent store and is highly valued by his employers.

They will make their home at 239 West College street, the groom already having a home furnished for his bride. They will have the best wishes of a large number of friends for a happy and prosperous married life.

Next Friday and Saturday an opportunity to buy ladies' FUR COATS, SCARFS, CAPES and MUFFS from a factory's line of samples at FRANK BYRNS' Hat Store.

### BASKETS DELIVERED FOR THANKSGIVING

Social Service League Distributes Baskets to Needy For Thanksgiving—More Than Sixty Sent Out Under Direction of Mrs. Chick.

Under the supervision of Mrs. Chick the Social Service League sent out more than sixty baskets containing the necessary things for a good dinner for the needy of the city.

Appeal was made some time ago for this purpose and the response was a most generous one. The baskets were sent to the Y. M. C. A. and the work of delivering them was started Tuesday evening.

Citizens loaned their automobiles for the purpose and boys from the Y assisted the Social service workers in the distribution which was completed Wednesday.

Each basket contained all the things needed for a good dinner. Many contributions were made of bread, potatoes and other vegetables and canned goods. Careful investigation had been made and the contributors may rest assured that the baskets were sent to those worthy of them.

Mrs. Chick stated Wednesday that the response to the Social Service League appeal was most generous. It seemed that everyone wanted to have a part in the work and the result was all that could be desired and many homes will be made happy today thru the league's efforts.

In the schools Wednesday the children brought baskets of wearing apparel in response to an appeal from the league. Over 100 baskets of clothing, shoes and other apparel were contributed by the children of the public schools of the city. There also was a goodly donation of money to the cause.

It is estimated that \$1,500 will be needed to carry on the work this year and it is to be hoped that this will be forthcoming. The officers of the league wish all citizens to think the matter over carefully and decide what they should contribute and then send it to the Social Service League headquarters, 323 West State street.

A new lot of boys' school sweaters, \$2.50 to \$8.00, at TOMLINSON'S.

### WILL OF MRS. GIBSON

The will of the late Mrs. Julia Gibson has been filed for probate in the office of County Clerk Rigg. The document was drawn March 13, 1917, with Edward Wemple and H. H. Wemple as witnesses to the signature. Mrs. Gibson left all her property of every kind to her daughter, Ilini Gibson, with the provision that the daughter is to serve as executrix.

It was further provided that if the daughter died prior to the testatrix that the property shall be sold and \$500 paid to the Waverly Library and the remainder to the American Baptist Home Missionary society. In this event C. F. Wemple is to serve as executor.

All sizes now of those boys' Buster Brown heavy ribbed stockings, sizes 6 1/2 to 11 1/2, at TOMLINSON'S.

### BARBRE FAMILY TO REMOVE TO PEORIA

Mr. and Mrs. William Barbre, who have resided at 202 South Prairie street for the past two years, expect to remove in the near future to Peoria where Mr. Barbre will enter the employ of the Avery Co. During their residence in the city Mr. and Mrs. Barbre have made many friends, all of whom regret to know that their home will now be in another city. However, all unite in wishing them much success and happiness in their new home.

### GUEST OF W. E. COLLINS

### VISIT IS PAID HICKORY GROVE SCHOOLHOUSE

Institution of Learning Located Southwest of Jacksonville is Attended by Small Number of Children.

On a pleasant summit, surrounded by fine trees and a good playground is Hickory Grove schoolhouse, a place of learning presided over by Miss Emma Smith, teacher. The location is very good and children attending there have an ample playground well shaded by hard wood trees which are a great advantage. The trees mentioned seem as if they had been placed there by nature but at any rate they are there and look very well. It is a good neighborhood though the families are not very numerous and those there have few children so that the school is not large.

Yesterday morning the writer had the pleasure of going out to the school and for the ride is indebted to his esteemed friend, Walter DeShara, who soon whirled his guest in a fine Studebaker car over the distance. The ride was pleasant and the visitors arrived just as the children were going in from morning recess. Miss Emma Smith, the worthy teacher, received her self-invited guests most kindly and courteously and soon the pupils were listening to the story of a far away, wonderful land. A map hanging on the wall indicated the place and with pictures and specimens the children were soon, in imagination, borne to the wonderful and beautiful islands in the southern Pacific where flowers bloom the year round and all is wonderful and lovely. The children were well interested in what was told them and paid good attention all the way through.

They also answered a number of questions asked them and were ready to tell what they had learned. They were well posted regarding their native land, the capital of the state and also pertaining to it and had also some idea of the capital of the United States and told something about that.

In the end they asked several questions and doubtless after the visitors departed they thought of a good many more they would have been glad to ask. The equipment of the school is rather incomplete. They have a fairly good dictionary and some very good maps. The books are few and scanty. The walls and blackboards have been fixed up all right but they lack pictures. They have a very few and should have more. The directors, Messrs. Antonio Fernandes, Frank Brown, and William Ledford, are well established gentlemen and will no doubt supply the needs of the school in due season.

The pupils are: Lester Fernandes, Dorothy Fernandes, Lillie Fernandes, Mildred Scott, Eleanor Brown, Francis Brown, Leonia Brooks, Viola Mae Ledford.

### WHAT TWO WIDE AWAKE BOYS ACCOMPLISHED

What energy and good judgment will accomplish has been well exemplified in the case of two Morgan county boys, Dean Hembrough and Henry Clark of Hembrough neighborhood. Without any help except that of good teams they planted and cultivated ninety acres of corn of which 35 acres yielded 100 bushels per acre and 55 acres yielded fifty bushels per acre, the land being rented of Thomas Hembrough. Part of the ground had been in grass 25 years and this they plowed, went over with drag and harrow combined and double cut and then planted the corn. It is estimated they got it in in time for a good rain. They cultivated the crop four times.

They had the crop husked standing, employing 27 men from the state hospital six days and 57 two days. These were under the care of Gassaway and Lumsden. One day they put into the crib 1000 bushels and one day almost 1400 bushels. They mean to feed a good part of their share, having a lot of cattle and hogs on hand for the purpose.

### FIREMEN WERE BUSY WEDNESDAY

The sudden advent of cold weather caused the fire department some work Wednesday.

At 7:50 o'clock Wednesday morning the department responded to an alarm from the residence of Mrs. Nannie J. Blue, 469 South Clay avenue where sparks had set fire to the roof. The blaze was extinguished with the chemical with but slight damage.

Wednesday afternoon at 12:34 o'clock the department made a run to the intersection of the Wabash railroad and the street railway company in North Main street. Workmen were using some tar on street railway work and the tar caught fire, setting fire to the railroad gates. This fire also was extinguished without much damage.

### Y. M. C. A. WORKER TELLS OF WORLD CONDITIONS

Sherwood G. Eddy, After Trip to Asia and Europe, Points Out Needs Now Existing—Urges People to Support Organization.

Sherwood G. Eddy, who recently returned from a tour of Asia and Europe in the interest of the international committee of the Y. M. C. A., makes the following statement as to the impressions he gained from the trip. Terming the present world situation as a moral challenge to America, he points out the need which exists and makes a strong appeal for financial support. His statement appears below:

November 18, 1919.

My Dear Friends:—  
As I return to this country after my journey across Asia and Europe, I am impressed by the present world situation as a moral challenge to America. I found Japan at the parting of the ways,

facing the second great crisis of her history. In Korea and Manchuria she must make her choice between autocracy and democracy, between militarism and freedom. The Japanese are one of the three great expanding and dominant races of the world. The 630,000,000 of the yellow race, or nearly 40 per cent of the world's population, may become a yellow peril, but they are today our golden opportunity to Christianize the Far East.

China is facing her darkest day politically but her brightest day religiously. The Government is in danger of breaking down. One of four things will happen to China. There is one last chance to save the country from within, or second, the Government may fall, or third, Japan and other nations may try to divide China upon the spoils system, or she may pass into a temporary receivership under the control of a League of Nations or a group of the powers. This is our supreme opportunity to raise up a moral Christian leadership which alone can save the nation and give it a lasting foundation for personal and national life.

India, divided between eight great religions, 147 different languages, and 2,000 different castes is being united into one burning unit of a new national consciousness. She is now entering upon a new era of responsible government. Hinduism and the non-Christian religions cannot furnish a lasting foundation for national life. Now is the time to raise up the Christian leadership which alone can save India.

I found the Near East still the danger zone of the world. I found Egypt in unrest, Palestine seething with Zionism, Mesopotamia a home of contention between the French and the Arab Hedjass, Turkey awaiting her fate. The whole Near East is under the shadow of Islam. I see no hope apart from a Christian control and civilization. The whole Near East needs our help.

Crippled by the war, I found Europe suffering from underproduction. Thru vast areas of destruction industry is paralyzed; transportation by land and sea has partly broken down; there is a serious coal shortage which has left many countries in Europe

without sufficient fuel or food to face the coming winter. With the lack of raw materials, the disappearance of credit, and the destruction of markets, industry is threatened over wide areas. These together with demoralization of labor, the high cost of living, and lower morale as the result of the war threaten several countries in Europe with bankruptcy, famine, or revolution. The Government of Poland with its twenty-four millions is in imminent danger. Russia is in a welter of Bolshevism. Germany and Austria are largely bankrupt and demoralized. Italy is rent and divided in her industrial, social, and political life, and over the difficulty of Fiume is on the thin crust of a volcano. The position of the Jugo-Slavs and the Greeks is precarious. If America could quickly place four or five billions in credit it would start industry and save several countries from bankruptcy. Every country I visited is facing a great crisis, either industrial, social, political or military.

For the whole distracted world today there is nothing but the Christian solution adequate to meet the present world situation. There is need of a united church to face such a divided world. There is need of an advance of the Christian churches all along the line. As the agent of the Christian churches as the skirmish line or advance guard to meet prejudiced and strategic classes of students, officials, and business men in foreign lands, the Young Men's Christian Association also is called to render a definite and unique service.

In Japan it is reaching the leaders and affords a practical demonstration of united Christianity. In China it has an unprecedented access to students, officials and commercial classes. It is bringing a physical gospel for the body, education for the mind, and furnishing a moral and spiritual basis for life to the students and educated leaders, in this time of transition when the superstition and agnosticism of their old religions are breaking down. Here, with the churches, it must raise up of Christian leadership for one quarter of the human race.

In India its field includes some 60,000 English speaking students in the colleges, the million English-speaking leaders and politically minded classes of the great cities, and nearly 300,000,000, or almost one fifth of the human race, scattered in rural India, which it is beginning to reach thru its rural department and agricultural banks. Many among the one million returning Indian soldiers are asking for the Association in the villages of India.

In the Near East it furnishes a common platform and rallying center for the graduates of the Christian colleges, both Christians and non-Christians. It can make here a practical demonstration of Christianity which is absolutely essential for the winning of prejudiced Moslem leaders. The doors of the whole Near East are flung wide open with new opportunity. The Queen of Roumania has earnestly asked us to open permanent work in her capital. The Metropolitan of Athens has asked us to enter Greece. Here we enter not to proselytize but to vitalize. In Russia and other countries where Catholic and Oriental churches are found, the Y. M. C. A. has a unique opportunity to vitalize and win for Christian leadership the masses of young men in these great national churches, without the theological, ecclesiastical, or denominational controversy raised by the entrance of a Protestant missionary propaganda. In Europe at the close of the war there is a call for a practical demonstration of vital Christianity among the military and civil population. The whole world is wide open for a great Christian advance, and a score of nations are calling today, "Come over and help us."

And yet, just at this supreme hour of crisis and opportunity, I return to find that owing to the reaction caused by the war, the high rates of exchange, the multiplied number of drives, the foreign work of the Y. M. C. A. is heavily overdrawn at the bank and imperatively needs more than \$500,000 before the end of the year, if it is not to close with the first debt in its history, at this time of all times when we are called upon for a great advance. Never was there a time when we were in such deep need of financial help as today. Only by united prayer and effort can we hope triumphantly to enter the new year and the new era that is before us.

Very sincerely yours,  
G. S. EDDY.

## With 3-Point Cantilever Springs the New "Overland Four"

Seems to

"Sail Over the Roads"

The new three-point Cantilever springs of Overland 4, by their special construction and design, protect car and passengers from ordinary road jolts. Bumping, twisting, swaying and vibrating are wonderfully lessened. The blows of the road seldom reach you. There is less tendency to bodily fatigue after long rides. The springs of Overland 4 attached at the ends of a 130-inch springbase give the riding comfort and road steadiness heretofore possible only with cars of long wheelbase and great weight, yet Overland 4 retains the light weight and economy advantages of 100-inch wheelbase. Three-point Cantilever springs protect the car from the hammering and wear of road blows. They lengthen its life and reduce upkeep costs.

Equipment of Overland 4 is dependable and complete from Auto-Lite starting and lighting to Thillotson carburetor. 250,000 miles of test have been made and the strength and endurance of this car a matter of record. See Overland 4 at the first opportunity. Ask for booklet. Overland 4-Touring, \$845; Roadster, \$845; Coupe, \$1225; Sedan, \$1375. Prices f. o. b. Toledo.

## SERGEANT YORK AND MOUNTAIN SCHOOLS

Great War Hero Giving Himself to Helping His Own People.

The Alvin C. York Foundation is a non-profit corporation, organized under the laws of Tennessee by leading business men and educators of the State, to found and maintain a school of schools in the Southern Appalachian mountain country. In the interest of this foundation, Sergt. Alvin York, declared by Marshal Foch and General Pershing to have performed the greatest individual exploit of the war when, single-handed, he engaged a German machine gun battalion, killed more than twenty of them, captured the remaining 132, including four officers, and silenced 35 machine guns which were firing on his regiment during the battle in the Argonne last October, will lecture in Central Christian church, on Sat., Nov. 29, 8 p. m., under the direction of the Rotary Club.

Sergt. York, a simple, devout Christian from the Tennessee mountains, and a red-headed fighting man from the 328th Infantry, 82nd Division, will tell the story of his mountain home, of the people there, and of their needs and of the single-handed battle he fought, although the official investigators upon whose reports he was awarded the Congressional Medal of Honor, the D. S. C., and French and Italian decorations, found that he was distinctly reticent about that exploit.

When York returned to the United States, loaded with honors and welcomed as few men have ever been, he was immediately the recipient of offers of a fortune for himself to go into vaudeville or the movies. With his head turned, he declined to commercialize the fame that had come to him.

For the sake of the children of the mountain country, who he is going to appear in public and present his story. To help him in realizing this hope of building a school which will better the lives of thousands of boys and girls of the purest Anglo-Saxon stock on earth, who live in the Appalachian country, a group of prominent men in Tennessee have organized the Alvin York Foundation. It will direct the efforts of York to secure funds for the school; it will receive the funds secured and will expend the entire amount of all subscriptions for the benefit of the school. It will direct the founding and the operation of the school after it is built.

All ladies admire fine FURS. An opportunity will be given by FRANK BYRNS' Hat Store to select from a factory line of Fur Coats, Scarfs, Caps and Muffs. . . .

AS NERVOUS  
AND RUN DOWN

STOURED TO NORMAL HEALTH BY BIO-FEREN

I feel I owe you people a word of gratitude for the bio-feren I have received in using your wonderful Bio-feren Tablets, which have completely restored me to normal conditions," says Joseph Webb of Muncie, Indiana.

Bio-feren is without doubt the most effective and quickest remedy for nervous run down, weak, anemic and women ever offered through the druggists and is at all expensive.

Take two after each meal and at bed time, and after seven days take one after each meal and at bed time until the supply is exhausted.

Then if you feel that any claim in this special notice is untrue—if you are not in better health—if you do not feel ambitious, more vigorous and keenly interested in life as much as you were before, the druggist who sold you the tablets will gladly hand back just what you paid for them.

All druggists in this city and vicinity have a supply on hand, or will easily get it for you.

## STOCK MARKET

**SUFFERS SETBACK**

NEW YORK, Nov. 26.—The impending holiday with its industrial uncertainties and the discouraging tone of cables and other advices bearing upon the foreign financial situation combined to give today's stock market a general, the relatively moderate setback. The Mexican situation and reports of unsatisfactory wheat conditions in the middle west found restoration in the heaviest of leading oils and railway shares.

Money and foreign exchange were not materially altered, call loans ruling at 7 per cent most of the day. Conditions in the steel and iron trade attracted wider attention because of the statements of authorities that finished products promise to become very scarce in consequence of the greatly reduced output. Steels and affiliated shares were heavy when not weak and coppers were subjected to constant pressure.

General Motors, Pierce Arrow, Crucible Steel, Mexican and Pan-American Petroleum, Texas Company, United Fruit, Endicott Johnson, American Tobacco and Worthington Pump represented the chief elements of weakness.

Sales amounted to 1,200,000 shares.

Trading in bonds was again very extensive heaviness of Liberty issues, local traction and rails being the chief features.

Total sales (par value) \$27,250,000.

## CORN CLOSES FIRM

**AND STEADY**

CHICAGO, Nov. 26.—Evening up of trades so as to avoid open risks on Thanksgiving occupied most of the attention of dealers in corn today, and tended to bring about many changes within narrow limits. The close was firm 1/2c to 1 1/2c net higher with December at \$1.33 3/4 to \$1.34 and May \$1.29 1/2 to \$1.29 3/4; oats finished 1/4c off to 1/2c up and provisions at an advance of five to 50c.

Special care to provide against surprise developments during the holiday were taken in the corn pit, owing to the critical state of the coal situation. As a direct result of the strike outlook served only to promote caution. Meanwhile car scarcity offset advances that Iowa farmers were disposed to ship freely. Word
